

SECOND CLASS TEST (On 1st Class & Homework)

NAME: _____ DATE: _____

1. Name three things that your dog should not be given or allowed access to from the warnings included in the Class Rules:

2. How long do you have to let your dog know you like or don't like a certain behavior?
 One half-second One second Five Seconds Ten Seconds
3. My dog should be on leash and the leash should be in my hand at all times in class *unless the teacher takes my dog's leash from me.*
 True False
4. Check all that apply, corrections should be used ONLY if:
 Applied within a half second
 Adequate to inhibit behavior but not cause other problem behaviors
 Applied every time undesirable behavior occurs
 Associated only with the undesirable behavior
 Appropriately applied without anger or frustration on my part
 All of the above - which makes it virtually impossible to use as an effective training tool
5. Check all applicable ways you need to work with your dog to reinforce come:

| | |
|---------------------------------------|--|
| <input type="checkbox"/> In-home | <input type="checkbox"/> On Leash |
| <input type="checkbox"/> Fenced area | <input type="checkbox"/> Triangle |
| <input type="checkbox"/> Magic Moment | <input type="checkbox"/> Hide and Seek |
6. Training collars (pinch/prong/choke) should be left on your dog at all times.
 True False
7. I should reward my dog whenever I catch it doing something that I like it doing?
 True False
8. I should correct my dog whenever I catch it doing something that I do not like it doing?
 True False
9. If my dog has undesirable behaviors, in all likelihood I am contributing to the problem in some way?
 True False
10. List 3 or more things you can use or do to reward your dog:

THIRD CLASS TEST (On 2st Class & Homework)

NAME: _____ DATE: _____

1. Which of the following should you do to get and maintain your dog's attention when heeling?
 - Set your dog up for success
 - Use a clicker and treats
 - Say the dog's name
 - Unexpectedly move away from the dog when it is not paying attention to you
 - Reward your dog whenever possible when it gives you its attention
 - Have a release word
 - Keep your dog's "attention" training sessions short, no more than 5 minutes.

 2. Check all that apply, dogs communicate with each other using:
 - Sounds
 - Movement
 - Body language

 3. If a dog is wagging its tail, it means the dog is friendly?
 - True
 - False

 4. Check all that apply, the body language of an aggressive dog includes:
 - Ears back or pinned to the head
 - Staring
 - Tense or still body
 - Barking, growling or snarling

 - True
 - False
-

FOURTH CLASS TEST (On 3RD Class & Homework)

NAME: _____ DATE: _____

1. Chaining means combining behaviors in a planned sequence?
 True False

2. Proofing requires that you train your dog in a variety of environments?
 True False

3. Check all that apply, corrections should be used ONLY if:
 Applied within a half second
 Adequate to inhibit behavior but not cause other problem behaviors
 Applied every time undesirable behavior occurs
 Associated only with the undesirable behavior
 Appropriately applied without anger or frustration on my part
 All of the above - which makes it virtually impossible to use as an effective training tool

4. Freebies (attention, treats, games) equal noncompliance, dogs need jobs.
 True False

5. Check all that apply, to teach your dog self-control, you need to:
 Ask for compliance
 Move slowly and talk quietly
 Teach your dog that it has other options
 Ask and remind rather than demand
 Train rather than restrain your dog
 Generalize the behavior to a number of environments and situations
 All of the above

6. Check all that apply, ways to deal with problem behavior:
 Control the dog and you control the situation
 Stay positive
 Allow time for your dog to be a dog
 Be clear and consistent
 Have your dog earn what it gets.
 Gently help your dog comply if necessary
 More exercise
 Mental stimulation
 All of the above

7. Nothing in life is free is a gentle, humane way to lead your dog to better behavior by having it earn what it wants in life by responding to your commands:
 True False
